Public health nursing education: a call for action (Salmon et al), 68
Quality circles in the public health sector: implementation and effect (Schmele et al), 190
Smoking policies in health science schools (Rogers), 27
Sociodemographic factors associated with AIDS knowledge in a random sample of university students (Robb et al), 113
Specialty roles in community health nursing: a national survey of educational needs (Riportella-Muller et al), 81

Efficiency
Analysis of a home health agency's productivity system (Hellman), 251
County nursing service assessment tool: an overview (Rivera and Palmer-Willis), 264

Elderly. *See* **Aged**

Ethnology
Parental adaptation to adolescent drug abuse: an ethnographic study of role formulation in response to courtesy stigma (Barton), 39

F

Family
Home apnea monitoring: mothers' mood states, family functioning, and support systems (D'Appolonia Knecht), 154
Homeless families: rebuilding connections (Francis), 90
Working with multiproblem families: an intervention model for community health nurses (Lynch and Tiedje), 147

Formula. *See* **Infant nutrition**

G

Graduate nursing students. *See* **Students, nursing, graduate**

H

Health promotion
Applying marketing concepts to promote health in vulnerable groups (Fontana), 140
Rationale and design for health promotion with older adults (Ruffing-Rahal), 258
Restructuring the role of school nurse in health promotion (Barnfather), 234
Screening for psychosocial distress: implications for prevention and health promotion (Gage and Leidy), 267

Health science schools. *See* **Schools, health occupation**

Health services accessibility
Framework for community assessment: designing and conducting a survey in a Hispanic immigrant and refugee community (Urrutia-Rojas and Aday), 20

Health status
Comparison of the health status of residents of sheltered care facilities in Monmouth County, New Jersey (Knight et al), 182

Hispanic Americans
De Madres a Madres: a community partnership for health (Mahon et al), 15
Framework for community assessment: designing and conducting a survey in a Hispanic immigrant and refugee community (Urrutia-Rojas and Aday), 20
Obesity in Mexican-American preschool children—a population group at risk (Alexander et al), 53
Prevalence of hypertension risk factors among Hispanic Americans (Bray and Edwards), 276

HIV
AIDS research in the community: a case study in collaboration between researchers and clinicians (Salsberry et al), 201

Holistic health
Holistic concepts and the professionalization of public health nursing (Allen), 74

Home
Drug-exposed infants at home: strategies and supports (Saylor et al), 33
Home apnea monitoring: mothers' mood states, family functioning, and support systems (D'Appolonia Knecht), 154

Home care services
AIDS research in the community: a case study in collaboration between researchers and clinicians (Salsberry et al), 201
Analysis of a home health agency's productivity system (Hellman), 251
Children with respiratory home care needs: a training model for public health nurses (Larter and Guirl), 176
Determinants of home care nursing hours for technology-assisted children (Leonard et al), 239
Home health care: reliability and validity testing of a patient-classification instrument (Albrecht), 124
Model research design for comprehensive evaluation of a public home health agency (Gandy), 132

Homeless persons
Homeless families: rebuilding connections (Francis), 90

Human immunodeficiency virus. *See* **HIV**

Hypertension
Prevalence of hypertension risk factors among Hispanic Americans (Bray and Edwards), 276

I

Immigrants
Framework for community assessment: designing and conducting a survey in a Hispanic immigrant and refugee community (Urrutia-Rojas and Aday), 20

Infant
Drug-exposed infants at home: strategies and supports (Saylor et al), 33
Home apnea monitoring: mothers' mood states, family functioning, and support systems (D'Appolonia Knecht), 154
Identifying infants at risk: North Carolina's high-priority infant program (Cilenti and Farel), 219

Infant, low birth weight
Preventing low birth weight: marketing and volunteer outreach (May et al), 97

Infant nutrition
Baby's milk: a source of trust between mothers and nurses (Brodie), 161
Obesity in Mexican-American preschool children—a population group at risk (Alexander et al), 53

Predictors of breast-feeding duration among WIC and non-WIC mothers (Hill), 46

J

Job environment
Quality of life in the working environment (Graham), 67 (Editorial)

Job satisfaction
Prestige: key to job satisfaction for community health nurses (Riordan), 59

L

Letter
Letter, 65

Low birth weight infant. *See* **Infant, low birth weight**

M

Marketing of health services
Applying marketing concepts to promote health in vulnerable groups (Fontana), 140
County nursing service assessment tool: an overview (Rivera and Palmer-Willis), 264
Preventing low birth weight: marketing and volunteer outreach (May et al), 97

Mental health services
Depression assessment and management: evaluating a community-based mental health training program for nurses (Badger et al), 170
Screening for psychosocial distress: implications for prevention and health promotion (Gage and Leidy), 267

Mexican Americans. *See* **Hispanic Americans**

Milk. *See also* **Infant nutrition**
Baby's milk: a source of trust between mothers and nurses (Brodie), 161

Models, nursing
Children with respiratory home care needs: a training model for public health nurses (Larter and Guirl), 176
Model research design for comprehensive evaluation of a public home health agency (Gandy), 132
Working with multiproblem families: an intervention model for community health nurses (Lynch and Tiedje), 147

Monitoring, physiologic
Home apnea monitoring: mothers' mood states, family functioning, and support systems (D'Appolonia Knecht), 154

Mood. *See* **Affect**

Mother-child relations
Maladaptive mother-child relationships: a pilot study (Sachs and Hall), 226

Mothers
Home apnea monitoring: mothers' mood states, family functioning, and support systems (D'Appolonia Knecht), 154

Multiproblem families. *See* **Family**

N

Nursing audit
Community health nursing audit: issues encountered during the selection and application of an audit instrument (Edwards et al), 3

Nursing diagnosis
Nursing diagnosis in the North Carolina public health system: a statewide project (Zotti and Reed), 196

Nursing students. *See* **Students, nursing**

O

Obesity
Obesity in Mexican-American preschool children—a population group at risk (Alexander et al), 53

Older adults. *See* **Aged**

P

Parents. *See also* **Family**; **Mothers**
Parental adaptation to adolescent drug abuse: an ethnographic study of role formulation in response to courtesy stigma (Barton), 39

Patient education
Baby's milk: a source of trust between mothers and nurses (Brodie), 161

Patients, classification
Home health care: reliability and validity testing of a patient-classification instrument (Albrecht), 124

Phencyclidine abuse
Drug-exposed infants at home: strategies and supports (Saylor et al), 33

Phenomenologic research
Phenomenologic research as a theoretic initiative in community health nursing (Streubert), 119

Pregnancy
De Madres a Madres: a community partnership for health (Mahon et al), 15
Effects of a school nurse prenatal counseling program (Chen et al), 212
Preventing low birth weight: marketing and volunteer outreach (May et al), 97

Prenatal care
De Madres a Madres: a community partnership for health (Mahon et al), 15
Effects of a school nurse prenatal counseling program (Chen et al), 212
Preventing low birth weight: marketing and volunteer outreach (May et al), 97

Preschool child. *See* **Child, preschool**

Prestige
Prestige: key to job satisfaction for community health nurses (Riordan), 59

Problem solving
Quality circles in the public health sector: implementation and effect (Schmele et al), 190

Productivity. *See* **Efficiency**

Professional practice
Holistic concepts and the professionalization of public health nursing (Allen), 74

Psychosocial distress
Screening for psychosocial distress: implications for prevention and health promotion (Gage and Leidy), 267

Public health nursing
Call for transformation (Anderson), 1 (Editorial)
Public health nursing education: a call for action (Salmon et al), 68

Q
Quality of health care
QI, CQI, QM, TQM, TQI, AYE, AYE, AYE (Shamansky), 145 (Editorial)
Quality circles in the public health sector: implementation and effect (Schmele et al), 190
Quality of life
Quality of life in the working environment (Graham), 67 (Editorial)

R
Records
Community health nursing audit: issues encountered during the selection and application of an audit instrument (Edwards et al), 3
Refugees
Framework for community assessment: designing and conducting a survey in a Hispanic immigrant and refugee community (Urrutia-Rojas and Aday), 20
Reliability and validity. *See* **Reproducibility of results**
Reproducibility of results
Home health care: reliability and validity testing of a patient-classification instrument (Albrecht), 124
Research
AIDS research in the community: a case study in collaboration between researchers and clinicians (Salsberry et al), 201
Phenomenologic research as a theoretic initiative in community health nursing (Streubert), 119
Research design
Model research design for comprehensive evaluation of a public home health agency (Gandy), 132
Residential facilities
Comparison of the health status of residents of sheltered care facilities in Monmouth County, New Jersey (Knight et al), 182
Respiration disorders
Children with respiratory home care needs: a training model for public health nurses (Larter and Guirl), 176
Risk factors
Identifying infants at risk: North Carolina's high-priority infant program (Cilenti and Farel), 219
Prevalence of hypertension risk factors among Hispanic Americans (Bray and Edwards), 276
Role
Parental adaptation to adolescent drug abuse: an ethnographic study of role formulation in response to courtesy stigma (Barton), 39

S
Salmon model
Application of the Salmon model: a tale of two cities (Stotts), 10
School nursing
Effects of a school nurse prenatal counseling program (Chen et al), 212
Restructuring the role of school nurse in health promotion (Barnfather), 234
School nursing is alive and well in Kalamazoo, thanks to Nazareth College nursing students (Czajka and George), 166
Schools, health occupation
Smoking policies in health science schools (Rogers), 27
Sex behavior
Sexual and contraceptive socialization of black adolescent males (black adolescent sexuality) (Tucker), 105
Sheltered care facilities
Comparison of the health status of residents of sheltered care facilities in Monmouth County, New Jersey (Knight et al), 182
Smoking
Application of the Salmon model: a tale of two cities (Stotts), 10
Smoking policies in health science schools (Rogers), 27
Social support
Home apnea monitoring: mothers' mood states, family functioning, and support systems (D'Appolonia Knecht), 154
Sociodemographic factors. *See* **Demography**
Socioeconomic factors
Predictors of breast-feeding duration among WIC and non-WIC mothers (Hill), 46
Specialties, nursing
Specialty roles in community health nursing: a national survey of educational needs (Riportella-Muller et al), 81
Spouse abuse
Assessing for abuse: self-report versus nurse interview (McFarlane et al), 245
Students
Sociodemographic factors associated with AIDS knowledge in a random sample of university students (Robb et al), 113
Students, nursing
School nursing is alive and well in Kalamazoo, thanks to Nazareth College nursing students (Czajka and George), 166
Students, nursing, graduate
Notes from the field: precepting graduate students (Tartasky), 208
Substance abuse
Drug-exposed infants at home: strategies and supports (Saylor et al), 33
Parental adaptation to adolescent drug abuse: an ethnographic study of role formulation in response to courtesy stigma (Barton), 39
Support systems. *See* **Social support**

T
Technology, medical
Determinants of home care nursing hours for technology-assisted children (Leonard et al), 239
Tobacco smoke pollution
Application of the Salmon model: a tale of two cities (Stotts), 10
Training program. *See* **Education**

U
Universities
Sociodemographic factors associated with AIDS knowledge in a random sample of university students (Robb et al), 113

V
Violence
Assessing for abuse: self-report versus nurse interview (McFarlane et al), 245

Voluntary workers
De Madres a Madres: a community partnership for health (Mahon et al), 15
Preventing low birth weight: marketing and volunteer outreach (May et al), 97

W
WIC program
Predictors of breast-feeding duration among WIC and non-WIC mothers (Hill), 46
